Apartment in Barcelona

Surrounded by dreamlike panoramic views, this exclusive 122 m2 apartment + a 100 m2 level terrace is presented. It is located just a few meters from the port of Badalona (Barcelona) and the beach.

Its interior, full of natural light, is presented with top-of-the-range finishes and an unbeatable distribution. Upon entering, we are welcomed by a large open space composed of the living-dining room and the designer kitchen-dining room.

All of this surrounded by several windows with access to the corner terrace where you can enjoy a pleasant porch with a summer dining room and chill-out area, all with sea views. The night area offers us three bedrooms and two full bathrooms (one of the rooms is en suite).

As icing on the cake, it includes two parking spaces and an underground storage room (access with stairs and two elevators) as well as an impeccable community area with two swimming pools and play-rest areas.

Design and exclusivity just a few minutes from the center of Barcelona and its airport.
