Commercial property in Torremolinos

Hotel architecture project in central Torremolinos

This hotel architecture project is situated in the heart of Torremolinos, adjacent to the famous Fuente de los Caballitos on Avenida Palma de Mallorca. The building spans a total area of 4,058.18 m² across four floors above ground, housing a reception area and 60 hotel rooms, complemented by four basement levels that include a laundry area and a restaurant-cafeteria, all designed around a bright and private interior patio.

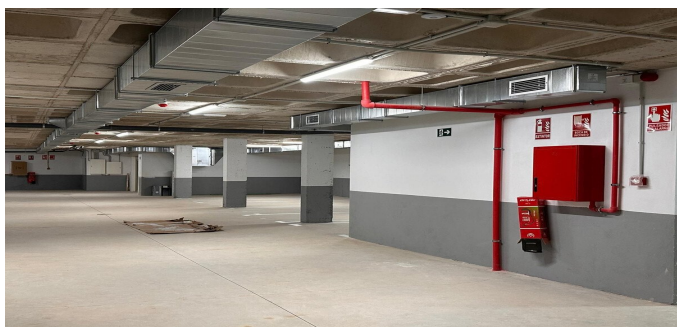

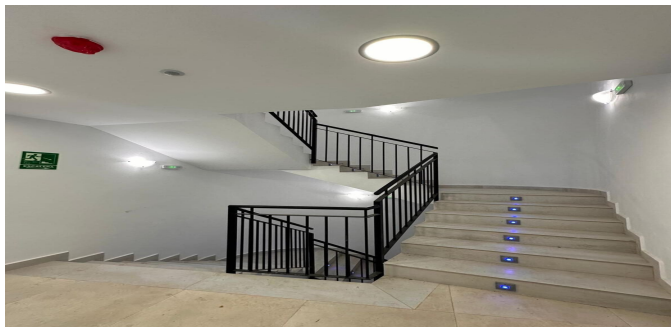

The design features a modern and contemporary aesthetic that contrasts with the classic surroundings. The elongated plot is accentuated by bichromatic finishes on the façade and a linear rhythm created by the exterior terraces, making it a standout addition to the local architectural landscape.
