Residential complex in Salou

In the heart of the Costa Dorada, nestled among pine forests and Mediterranean olive trees, lies your new home. Discover the Best Residential Golf Resort in Europe, where nature, exclusivity, and comfort come together in a privileged setting by the sea. A place where you can enjoy a lifestyle based on tranquility and sustainability, with a landscaping project that includes a wide range of luxury homes.

Offers exclusive 2- to 4-bedroom apartments. Spacious, bright, and with high-quality finishes, the homes have been designed by the renowned architecture firm Batlle & Roig, resulting in a spectacular and modern complex where natural style takes center stage. We believe in energy efficiency, water conservation, and the responsible use of resources.

This is reflected in our residential complex, as evidenced by the fact that we have obtained the BREEAM certificate for sustainable construction. In addition to the pine forests and landscaped paths that intertwine with these homes, the properties feature swimming pools, green areas, and generous terraces.

Our private resort also boasts an unbeatable location by the sea, 10 minutes from Tarragona and 1 hour and 20 minutes from Barcelona. Discover three world-class golf courses designed by legendary golfer Greg Norman. Whether you want to take up the sport or improve your swing, you'll find everything you need here. Also boasts the award-winning Best Beach Club in Europe. Relax in our pool with jacuzzi, sip a delicious cocktail while reclining on a Balinese bed, or share an aperitif by the infinity pools. The resort also has several restaurants offering first-class cuisine.

Infinitum homes include services such as comprehensive maintenance of common areas, 24-hour security and surveillance, resident services, a gym, a Kids Club, 11 kilometers of nature trails for walking, running, or cycling, and exclusive benefits such as a monthly program of activities for adults and children focused on nature, wellness, and gastronomy.
