Apartment in Blanes

Spacious and bright apartment without a terrace, but with a parking space in the center of Blanes

A magnificent apartment with a parking space is for sale in a prime location in the heart of Blanes, an ideal opportunity for year-round living or investment.

The apartment is located in a building from 1980 with an elevator and stands out for its spaciousness and natural light. It has 98 m² built and 84 m² of usable space, with a very comfortable and functional layout.

The apartment features three large double bedrooms, a spacious and bright living room, a separate kitchen, a full bathroom, and gas heating, ensuring comfort year-round.

The apartment is located on the second floor, although the building's height makes it feel almost like a third floor, providing a greater sense of privacy and natural light.

One of the great advantages of this property is that it includes a parking space in the center of Blanes, something very difficult to find in this area and which offers great convenience for daily life.

An ideal home for those looking for space, light and a central location with all amenities within easy reach: shops, services, transport and just minutes from the beach.
