Villa in Marbella

This beautiful four-bedroom villa is located in a well-organized residential area near the beach and all the amenities of the Golden Mile Marbella. His modernist architectural elements made of glass and concrete are complemented by wooden brick facades, creating massive living walls. The spectacular exterior is perfectly combined with the interior offering the designer living room and other rooms at home. Luxury bathrooms - in the main bedroom impressive bath, tropical shower and plumbing, combining aesthetic quality with practicality. Spa: fully equipped spa with Turkish bath, Finnish sauna and jacuzzi. BULTHAUP kitchen with Gaggenau appliances and central marble island Negro Marquina. Air conditioning system with temperature control, providing high and low temperatures, as well as heated floors across the entire villa. This villa is built in a small exclusive residential area, a few steps from the center of Marbella, offering privacy and tranquility, and will be completed in the third quarter of 2021.
