Villa

Villa in Andalusian style with a tropical garden and sea views, in El Paraso Alto, Benahavis. Real Andalusian architecture surrounded by a lush ripe garden, a beautiful view of the sea and a mounted outdoor interior - this estate has something to offer. House area 590, plot area 1880. The hallway leads to a spacious, bright living room with a fireplace and large panoramic sliding doors, which goes to a large terrace and further to the pool and garden with palm trees and exotic plants. The terrace passes through the entire south side of the house, partially covered with a gazebo and offers a magnificent view of the large pool, garden and the Mediterranean Sea. Next to the pool is a small office building with a summer kitchen and a barbecue area. On the left of the living room there is a separate dining room for special occasions, as well as access to two bedrooms on the first floor with bathrooms. To the right of the living room there is another living room with a bar and another fireplace. In all rooms, wide sliding doors provide natural lighting throughout the day and provide direct access to the terrace. Also at this level there is a fully equipped spacious kitchen with a separate entrance, as well as laundry and pantry. From the hall, the staircase leads to the top floor gallery with the reading room and two main bedrooms, each with its own dressing room, a spacious bathroom and a private terrace. On the ground floor there are other rooms that can be used in different ways, as well as a separate apartment with a living room and a bedroom, a kitchen and a private bathroom.
