Villa in Estepona

The second phase of construction on 6 independent luxury villas with a unique modern design, creating an atmosphere of perfect peace of mind and equilibrium, with the highest qualities to ensure maximum comfort. Houses consist of two floors and residential light basement with its own gym and spa, including steam bath with hydromassage, sauna with an affordable patio and a waterfall, as well as a relaxing zen garden to enhance your natural calm. All of them are arranged in such a way as to enjoy the beautiful view of the golf course through the floor windows to the ceiling with triple glazing in both bedrooms and a spacious open-plan living room to ensure the abundance of sunlight during the day. The living room leads directly onto the terrace and to the landscape pool located in the lush landscaped garden.
