House in Lloret de Mar

Condado del Jaruco residential area, boasting sea views.

Built in 1982, the house has a floor area of  6 m² and sits on a 900 m² plot.

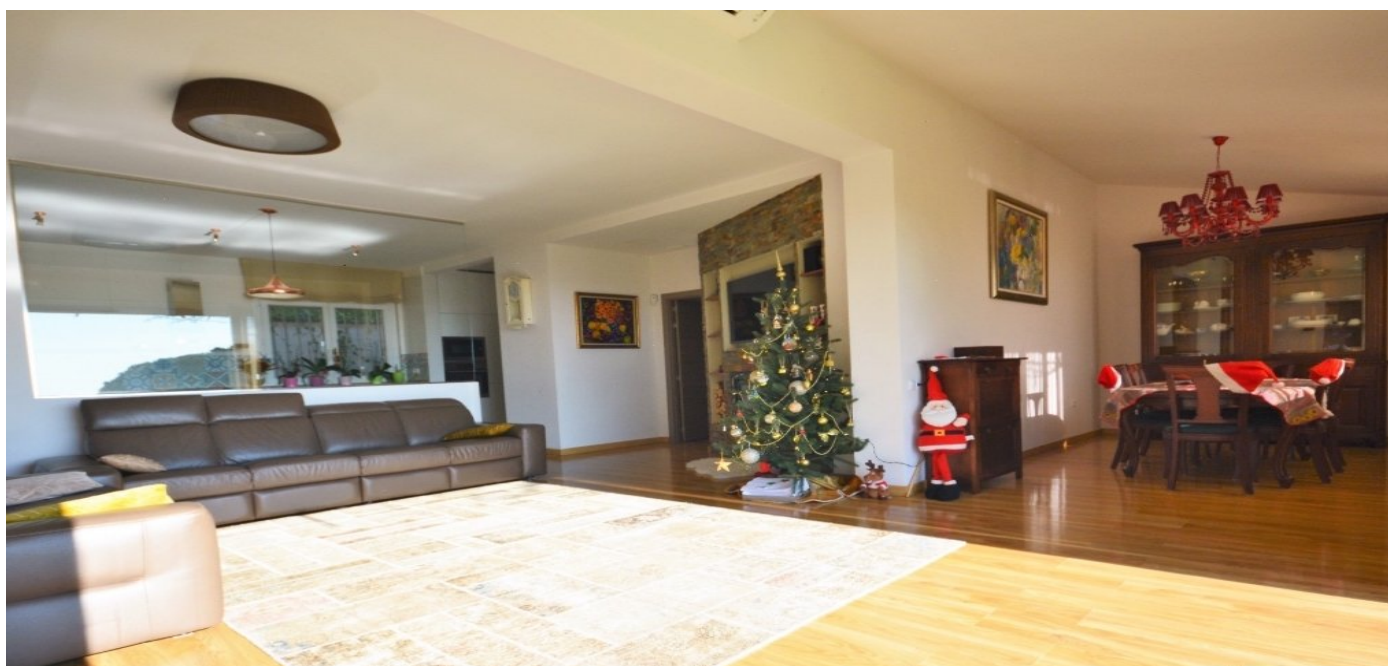

The property is in excellent condition. It features 3 bedrooms, 3 bathrooms, a spacious living room with a fireplace and panoramic windows, a two-car garage, and a modern, fully equipped kitchen.

It sits on a flat plot with a lovely relaxation area—a rarity on the Costa Brava. The property offers sea views and is equipped with central gas heating and air conditioning.

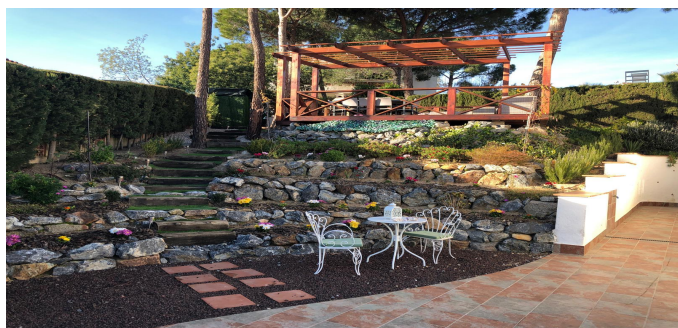

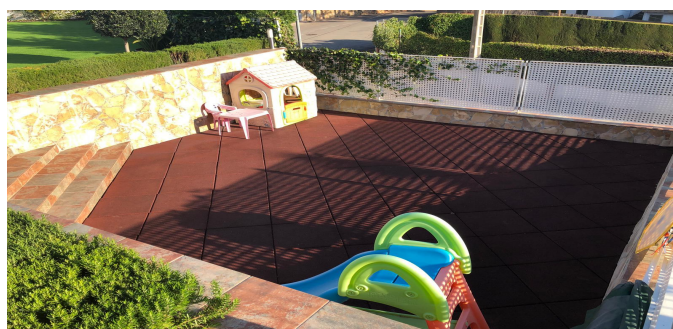

Lloret de Mar is famous for its magnificent beaches and coves. The town is nestled among hills that shield it from the cold and wind, while its proximity to the sea moderates the temperature. It enjoys a coastal Mediterranean climate, with much milder temperatures thanks to the sea's moderating thermal effect; the Mediterranean remains warm year-round.

The nearest airports are Girona-Costa Brava (30 km away) and Barcelona (75 km away).
