9 Buildable Plots in La Cala Golf

We present nine exclusive plots in the prestigious La Cala Golf community, ideal for constructing contemporary villas. Each plot comes with a geotechnical and topographic study, featuring a building coefficient ranging from 30% to 35%. The total area of the lot is 13,000 m², allowing for one villa per plot, with four plots already having building permits submitted along with a basic project.

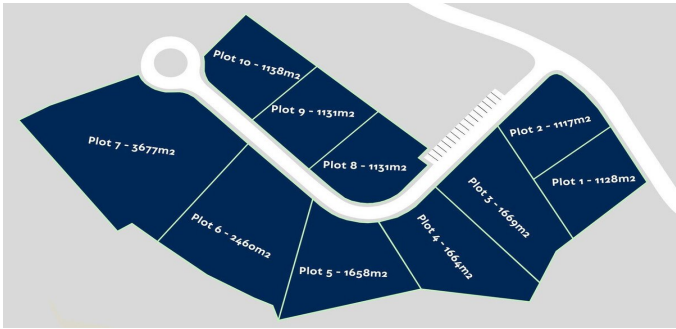

These plots are surrounded by nature and a golf course, just five minutes from the highway and the La Cala de Mijas commercial area. They offer excellent connections to Málaga, the AVE train station, the airport, and other Costa del Sol destinations such as Fuengirola, Marbella, Benalmádena, and Torremolinos. Enjoy breathtaking views of the golf course from your future villa, making this a fantastic investment opportunity on the Costa del Sol, with all technical documentation up to date and ready for construction.
