Townhouse complex in Begur

An exclusive development of 27 semi-detached houses located just a 5-minute walk from the center of Begur and its iconic beaches. A project that combines contemporary design, Mediterranean essence, and a privileged natural setting to enjoy the Costa Brava year-round.

The houses, with 3 or 4 bedrooms and living areas starting from 115 m², have been designed to offer spacious, bright, and functional living spaces. The living area opens to the outdoors through large windows that connect to the private garden, terrace, and porch, creating a perfect environment for relaxation and outdoor living. Each house also has private parking and the option to add a private pool.

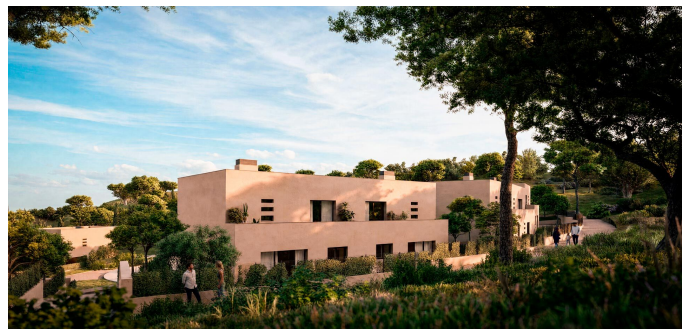

Designed for maximum comfort, they feature a fully equipped integrated kitchen with appliances, built-in wardrobes, ducted air conditioning with an aerothermal system, and a carefully selected range of materials. Furthermore, it is possible to personalize finishes in kitchens, bathrooms, and flooring to adapt the house to your style.

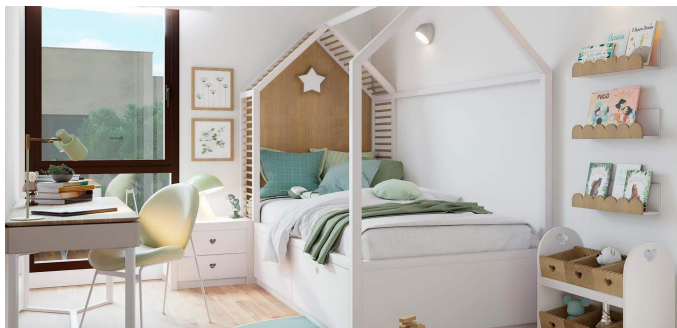

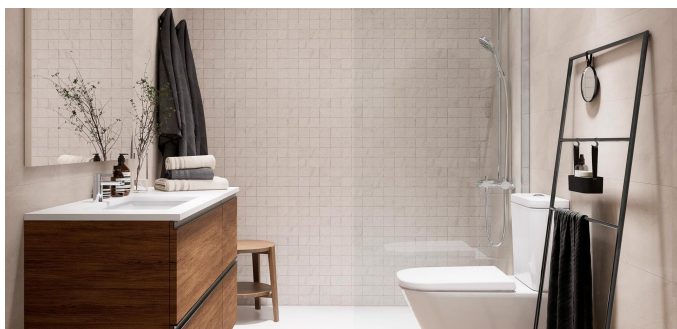

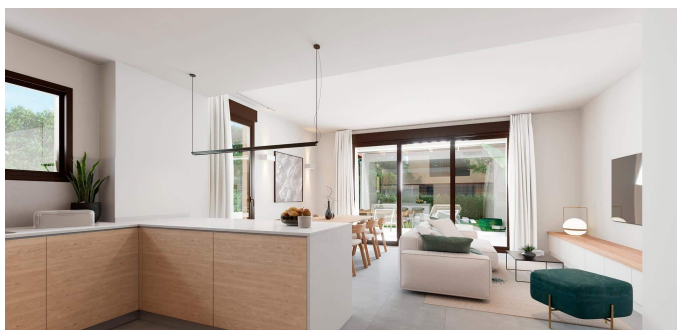

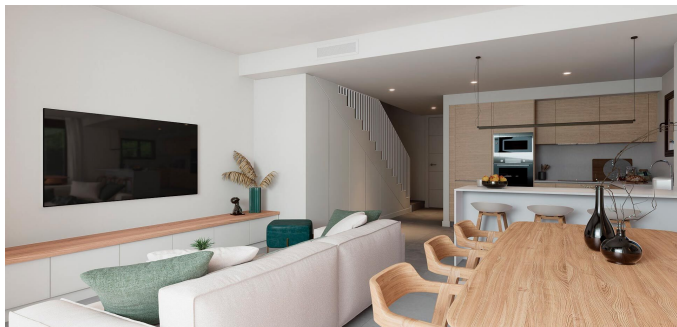

Its excellent location allows you to enjoy the tranquility of a natural setting without sacrificing proximity to the center of Begur, its amenities, restaurants, and some of the most spectacular coves on the Costa Brava.

Sa Roda Begur is an opportunity to live or invest in one of the most desirable areas of the Mediterranean. Contact us to check availability and find the property that best suits you.

Completion date: 1st trimester of 2029.
